INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directory, (publishers of the Washington Directory since 1957), present to subscribers and the general public, this, the 1964-65 edition of the Washington City Directory, which also includes Washington Heights, Washington Park and the Rural Route Residents.

Confidence in the growth of Washington's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Washington to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Washington Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and the business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Washington, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major

805/180

department, printed on white paper, This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Washington, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Washington and vicinity.

The Washington Out-of-Town City Directory Library

Through the courtesy of the publishers of the Washington City Directory, a Directory Library is maintained in the offices of the Washington Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

STORY OF THE CITY OF WASHINGTON, N. C.

The City Today

The original Washington was founded on the 337 acres granted to Christopher Dudley in 1726. In 1771 James Bonner, then owner of the land, founded a town called "Forks of the Tar River," which by 1776 was known as Washington, the first town in the United States so named.

Washington was incorporated by the General Assembly at Hillsboro in 1782. In 1784 the assembly established a trading post at Washington "for the speedy decision of mercantile transactions with foreigners and transient persons."

The official 1960 census of Washington was 9,939 population, and the present population is estimated at 12,000. This growth is due to new industrial plants brought into the area in the last few years and real estate figures on new homes constructed. On the basis of new businesses in the city, there is every reason to believe that the city will continue to grow steadily in the future.

Washington is in the western part of Beaufort County in the east-central portion of the Coastal Plains section of North Carolina. Located on the navigable Tar and Pamlico rivers, it is 135 miles south of Norfolk, Virginia, and 105 miles east of Ra-

leigh, North Carolina. It is on U. S. Highways 17 and 264, and on three state highways and two railroads.

Beaufort County has 290,816 acres of farmland averaging 40 acres per farm, with 3,000 farms, 2,863 of which are commercial farms. Main agricultural products are tobacco, cotton, corn, soy beans, potatoes, livestock, oats, peanuts, and lespedeza.

Existing industries consist of a yarn spinning plant, a shirt manufacturing plant, a dressmaking plant, grain elevators, lumber and planing mills, mattress manufacturing plants, a furniture plant, a manufacturer of automobile truck bodies, boat builders and meat processors. These industries draw on raw materials available locally and in surrounding area. The Washington Tobacco Market serves a wide area. There are 58 industries in the county employing 4,111 workers.

Service Institutions

Washington has an unlimited supply of electric power, furnished by the City of Washington Utilities Commission. Locally generated power is supplemented by purchase power from the Virginia Electric and Power Company. Washington's Jordan water filtration plant, among the most modern in the state, filters 2,750,000 gallons per day, and the average daily usage is 1,000,000 gallons. The sewage disposal plant has clarifiers sufficient to handle double the present requirements, with capacity of 2½ million gallons per day to serve up to 48,000 population. The extensive facilities of the Tidewater Natural Gas Company provide gas to customers on existing city mains. Several local bottled gas companies render service within the community at reasonable rates. Natural gas is available.

The city is served by two railroads, the Norfolk Southern Railway Company and the Atlantic Coast Line Railroad Co. Both rail terminals are located near the center of the town. Washington is served by four bus lines at the Union Bus Terminal, and numerous national trucking lines. Bay boats and barges provide cheap transportation for bulky cargoes on the Pamlico River with its 12-foot channel connecting the city directly with the Inland Waterway 30 miles east of the City. The nearest commercial airport is at New Bern, 35 miles south. Washington's airport is used by private land and sea planes. The local airport is Government-built and has concrete runways 150 feet wide and 5,000 feet long. Flying charter service is available.

Washington's educational facilities consist of 3 elementary and one junior-senior high school with 4,232 students. Nearby colleges are East Carolina College, at Greenville, Atlantic Christian College at Wilson and Chowan Junior College at Murfreesboro.

New homes and residential developments constantly add to the beauty of Washington's residential areas. The people are naturally friendly and hospitable, which adds to the charm of this historic city. Its natural advantages of being near the water attract people to Washington for the numerous water

sports, and the hotels, motels and tourist homes cater to the fisherman, hunter, water skiing enthusiast, yachtman, and all interested in the advantages which the big Pamlico River has to offer.

Among the leading civic, fraternal, and social organizations are the following; Washington Shrine Club, Loyal Order of Moose, Lions Club, Elks Club, Woman's Club, Veterans of Foreign Wars, Garden Clubs, Masonic Lodges, Junior Chamber of Commerce, Book Clubs, American Legion, Kiwanis Club, Rotary Club, Degree of Pocahontas, Toastmaster Club and Order of Redmen, Chamber of Commerce.

Industrial Situation

Living conditions in Washington are good, and available industrial labor in the city and county is already housed. Labor relations are particularly good in industrial establishments, and there is an adequate supply of available labor in the area.

Financial Situation

The bonded debt of the city is $2,137,000. The city council awards contracts to the lowest bidder. The city has never faltered in payment of any bond or obligation, and is in a sound financial condition. The city is constantly expanding its water and sewer facilities to meet the growth and expansion of the city. Any developments or expansions in the immediate future will be done from current revenue rather than bond issues.

Retail Trade

Washington is a retail and wholesale trading center. The retail area covers a radius of around 50 miles, serving a population of 300,000. The wholesale area has a radius of around 100 miles and covers a population of 1,000,000. Almost every type of retail store will be found in Washington's modern shopping section, and it is the natural hub of market activities for six surrounding counties. The Washington Daily News, published each afternoon except Sunday, has an average daily circulation of 5,004. The retail trade area handles the highest quality merchandise.

Wholesale Trade

Among leading wholesale dealers here are those dealing with clothing and hardware.

Civics and Welfare

Washington is currently served by one new hospital with 125 beds. Additional rooms are to be added to the new Beaufort County Hospital, which is entirely air conditioned. There are three clinics in the city. City and county health departments have active programs. Amusements consist of a modern motion-picture theatre, a drive-in theatre, a city-owned recreation center, a public air conditioned library with 20,000 volumes, public parks, two full time radio stations and a locally-owned NBC TV station. CBS Television is received strongly from a station 20 miles away.

The Washington Yacht and Country Club has an excellent nine-hole golf course and yacht basin with docking facilities.

There are public tennis courts. Swimming and fishing are excellent in the Pamlico River and the country club has a swimming pool of the finest and most modern construction. Boating, sailing and hunting are excellent in and near Washington. The nearest beach on the Atlantic Ocean is 70 miles away.

The Chamber of Commerce sponsors an annual Christmas parade, as well as special events throughout the year.

City As A Center

Located on Ocean Highway U. S. 17 between Maine and Florida, Washington is of interest historically to many tourists, being surrounded by historical points of interest regarding the first settlers of America.

Advantages and Claims

The advantages of Washington as a recreation center are unexcelled, due to its water sports facilities and its proximity to the Atlantic Ocean. Industry seeking sites for expansion will find Washington an excellent location due to its modern facilities, available sites, modern climate, good labor relations and high quality of large labor supply.

City As A Service Center

The Washington Chamber of Commerce, 131 East Main Street, P. O. Box 665, Telephone WHitney 6-2531, is prepared to give complete information on any phase of Washington's facilities to interested parties.

Redevelopment and Housing

In June 1961 the City Council appointed the Redevelopment Commission and the Washington Housing Authority to plan to eliminate slums and blighting conditions in the City and to provide low rental public housing for people who could not afford decent homes.

Survey and Planning Funds for the East End Urban Renewal Area were approved in November 1962. This area comprises 417 acres, which is approximately 1-3 of the City of Washington.

According to the plan the structures in the area that cannot be rehabilitated will be removed and the rest of the structures will be rehabilitated and brought up to standard.

Some land will be made into parks and recreation areas and to give local schools much needed additional land area.

The Downtown-Waterfront Urban Renewal Area Project was approved in August 1963 and comprises approximately 70 acres, and includes the central business district of the City.

The realization of the redevelopment of the Downtown-Waterfront Urban Renewal Area on the basis of a shopping center can make Washington the Eastern North Carolina Shopping Center.

One hundred and sixty five units of Public Housing are in

process of being constructed at this time, and contract for these units call for completion by August 1965.

For the future the Commission is planning further redevelopment in the City of Washington of areas in the east and west over a 10 year period. The total amount of future projects will run in the neighborhood of 10 million dollars.

The Goal of the Commissions is to eliminate slums and blighting conditions in the City of Washington.

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

HOW TO USE YOUR CITY DIRECTORY

The major departments in the Directory are arranged in the following order for ready reference:

1. INDEX TO ADVERTISERS

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CERTIFIED MAIL SERVICE

Certified Mail provides proof of delivery without indemnity. Only first class DOMESTIC mail having no intrinsic value may be mailed under the Certified Mail Service. This does not exclude articles of a nonnegotiable character and other matter which would involve a cost of duplication if lost or destroyed.

Certified Mail coupons are available at any post office. Complete information indicated on receipt portion, detach sticker and affix to face of envelope. If proof of mailing is desired, present article prepared as outlined above to clerk for postmarking of your receipt portion; otherwise, it may be deposited as other first class mail.

Fee in addition to postage..20 cents

RETURN RECEIPTS

The following fees apply to return receipts for registered mail, certified mail, and mail insured for more than $10:

Requested at time of mailing:
Showing to whom and when delivered.....$0.10
Showing to whom, when and address where delivered..... .35
Requested after mailing:
Showing to whom and when delivered..... .25

RESTRICTED DELIVERY

Applicable to registered mail, certified mail, C. O. D. mail and mail insured for more than $10.

Fee$0.50

AIDS TO PROPER MAILING

Do not use "Township" as part of your address.

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Zone numbers on mail addressed to cities where Zone Numbers are required.

MR. CITIZEN! CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

A STATEMENT OF ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.

2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which can not be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

Out of Sight • Out of Mind

★ *Out of Business* ★

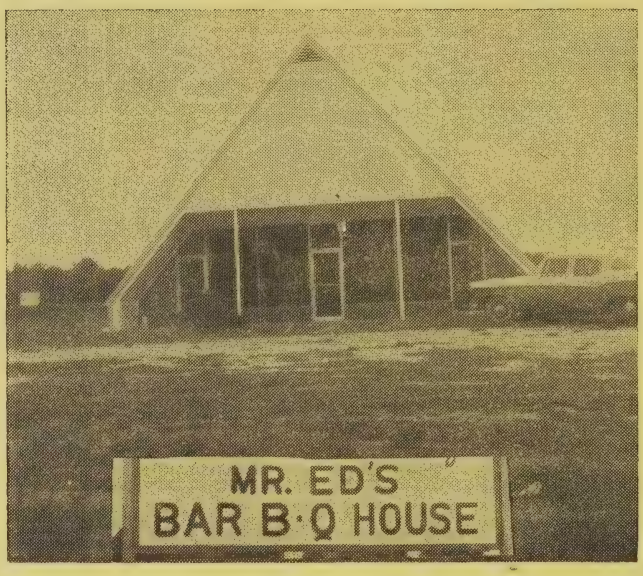

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

Know Your Directory SYMBOLS

"r" AND "h"

Two important symbols are used in your City Directory. The symbol "r," before an address stands for "Resident." That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305= 1,067,500.

CONSULTATIONS OR CIRCULATION CONSULTED

City Directory Advertising Is National Advertising

● Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

●

Therefore your ad in the City Directory is seen by buyers from coast-to-coast

Use Our Library of

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out - of - town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

VITAL INFORMATION

AT YOUR FINGER-TIPS!

Tens of thousands of people who were formerly strangers to the City Directory are consulting it on questions of citizenship, employment, sources of supply, communication, etc. Also, Directory usage is **up** among regular subscribers.

CAUTION....

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

HILL'S
WASHINGTON

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1964-65

Including Washington Heights and Washington Park

Copyright, 1965, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house-owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers and have no other significance.

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)
